

# Valentine's

*I remembered the little things you like.*

*I'm here if you need me anytime.*

*I listened even when it was difficult.*

*I made time for you today.*

*I'll support you even when it's hard.*

*I'm proud of you.*

*You're safe with me.*

*I chose you again and again.*

*Don't worry I will take care of it.*

*We'll figure it out together.*

*I feel at home when I'm with you.*

*I notice when you're quiet.*

*Your happiness matters to me.*

*I keep choosing you even on hard days.*

*I love the way your mind works.*

*I see you the real you.*

*I kept the last bite for you.*

*I saw this and you instantly came to mind.*

*I'll stay here with you.*

*There's no rush go at your pace.*

*You matter to me more than I can explain.*

*Loving you has changed me forever.*

*My heart feels quieter when you're near.*

*You're not just someone I love you're part of who I am.*

*I Love You!*
